Is the Requester Below Poverty Line ?	No

(Description of Information sought (upto 500 characters))

<b>Description of Information Sought</b>	
<p>1. Request count of people all over India who tested positive for Covid-19 after 1st and 2nd dose of vaccination. Request split of this data between the different kinds of vaccines including Covishield and Covaxin and also the split between the different kinds of tests. This data is requested in tabular form as specified in table 1 of attachment.</p> <p>2. Request count of Covid-19 tests done all over India. Request split of this data between the different kinds of tests and between the symptomatic status. This data is requested in tabular form as specified in table 2 of attachment.</p> <p>4. Request information on the protocol of Covid-19 testing with respect to testing data collection, test result data storage, and data segregation on the basis of vaccination status , symptomatic status and hospitalization/quarantine status.</p> <p>5. Request information on whether a Covid-19 positive person admitted to hospital is retested for Covid-19 prior to allowing the person to leave hospital. Request documents that justify the above.</p> <p>6. Request information whether there are adverse effects or side effects of the RT-PCR tests and if ICMR has conducted studies on the same.</p> <p>7. Kindly inform if the RT-PCR test kits currently in use in India are fully approved or approved under emergency use authorization or if there is some other kind of approval. If not fully approved, then request the steps taken for its full approval.</p> <p>8. Kindly inform if an unvaccinated person can refuse being Covid-19 tested in order to go to work, in order to travel within India or has been in contact with a COVID-19 positive person.</p>	
Concerned CPIO	Dr Nivedita Gupta

**Point wise information is as follows:-**

1. ICMR- MoH&FW are developing a COVID-19 National vaccination tracker. This information will be available soon in the upcoming vaccines tracker.

2.

<b>Symptomatic status count of people who tested Covid-19 positive -Data</b>		
	Count of symptomatic people who tested positive	Count of asymptomatic people who tested positive
RT-PCR	8047959	232861528
Rapid Antigen	4255956	206382651
Other Tests	454275	11361871

4. The SRF (Specimen Referral Form) is itself a protocol with respect to testing data collection, test result data storage and data segregation for different parameters involved. The SRF form is mandatory for the collection centres or laboratories doing COVID-19 diagnosis to enter details of the samples. The format of SRF form can be found at

[https://www.icmr.gov.in/pdf/covid/labs/Revised\\_SRF\\_Form\\_26052021\\_1.pdf](https://www.icmr.gov.in/pdf/covid/labs/Revised_SRF_Form_26052021_1.pdf)

5. This information is not available with ICMR.

6. Repeated testing at very frequent intervals can lead to injury in nasal cavity and throat.

7. This does not pertain to ICMR. The information can be sought from DCGI.

8. This information is not available with ICMR.
