

**\*A small gist on how to approach the general public to create awareness about vaccines\***

Before beginning the ground level activities at your location please mail Letter 51A document, to your local Police Station which informs them that Under the Constitution of India we have full right to tell the real facts about the covid vaccination.. Many of us have gone and personally also handed over this document to our local police stations and we have received support and full Cooperation.. infact many police personnel have thanked our members as we are doing what they are unable to do.. So Truth ALWAYS WINS !!

You can download the document from this link below. Currently it is in English, Hindi & Marathi

<https://awakenindiamovement.com/article-51a-letter-for-police-intimation/>

Modus Operandi for ground level activities -"

In a public place like a garden we (a group of atleast 4 - 5 AIM activists) 1st request people to come closer together so quite a number of people can be addressed together at the same time.

Hello everyone can you please give us 5 minutes of your time .. we would like to share something very important .. don't worry we are not here to sell anything

So just a simple question to start with.. have you all taken the covid vaccine ?? (Here mostly people happily reply that yes they are all double dosed) Then we say OK fine but now the 3rd dose has already come, 4th dose is coming 5th dose will come Israel is already on their 5th dose and the maximum number of Corona patients are in Israel ... how many doses will you keep taking..its not going to end so soon... so this is something that we all need to understand that taking the vaccines cannot and will not prevent Corona only improving our health can ..

(Now we introduce ourselves) All of us here are from Awaken India Movement a Citizens group which is spread all across India consisting of doctors lawyers surgeons scientists researchers industrialists common men etc.

We a strong group of people have been completely against all mandates (now here we need to understand that the common man on the street does not understand the word mandate)

i.e compulsory vaccination masks lockdowns testing etc. We have filed 2 cases in the Mumbai high court with the help of Indian

Bar Association Sr. Counsel Shri Nilesh Ojha where recently we have had a fantastic victory and the Disaster management act was repealed (cancelled) and also we had filed 2 cases in the Supreme Court where senior advocate Prashant Bhushan and senior advocate Colin Gonsalves are our lawyers (Sharing these names is important) and we won on the basis of science and that is the reason there are currently no mandates for vaccines, testing and masks, but you all should be aware that it was not an easy victory against the pharma mafa and vaccine mafia!

We are completely against all the compulsion given for taking of vaccines to attend office school's colleges go on local trains travel wearing of masks lockdowns etc however regarding the children vaccines we are completely against the vaccines itself why because children do not get any Corona this is something not what we are saying but the NTAGI doctor Jayprakash Muliylil and and AIIMS Centre for Community Medicine Professor Dr Sanjay K Rai who were in charge of the clinical trials for the vaccines are themselves saying that children do not need the vaccines at all because they do not get infected by the virus at all and mainly all of you should know that this is a TRIAL vaccine it has only been given emergency use authorization

All the animals on whom the vaccines were tried on have died .. (Now here all of us hold up pictures of the vaccine victims and stand in a circle).. we point out to all the different age groups that have died after the vaccine 15 year old Arya 18 year old Rithaika 19 year old Nova, 20 year old Karunya 23 year old Fiona 31 year old Mahima who was pregnant with twins etc and tell them.. We are in touch with all the family members of these victims and and it is absolutely hard heartbreaking cause once you lose a child there's nothing one can do at all.. Hitesh Kadve at 23 year old from Virar Mumbai wanted to catch a local train however due to the vaccine compulsion he could not get a ticket so he took the vaccine and within 2 hours he suffered very badly and passed away.. for his mother he was her only family no husband no brother no sister

. the only family she had .. now she is completely devastated.. what does one say to these parents who have lost the children .. what we are saying to you is not being covered by by the media by the doctors by the government etc that is the reason we have had to come out on the streets and meet you people because whenever we say anything on social media our YouTube channel / Facebook Instagram Twitter accounts gets blocked so now we have had to reach out to people by coming out on the

streets..

Our main purpose of coming to meet you people is to make you aware that no matter what please DO NOT VACCINATE YOUR CHILDREN and do not take the booster dose yourselves because Corona can be healed very easily naturally Dr. Biswaroop Roy Chowdhury has healed more than 60000 people with coconut water and mosambi juices within 3 - 7 days.. he has successfully run 2 open air hospitals where people even with oxygen level low as 42 were treated with hugs without masks & PPE kits.. with raw fruit juices sunlight pranayam with zero money zero medicines and zero mortality .. There are many fantastic natural remedies in Ayurveda homeopathy Naturopathy Anandiah K's natural medicines which has got the approval from Andhra Pradesh high court.

(We now start talking about masks)

How many of you smoke a cigarette (very few people raise their hands) wearing of masks is even more dangerous than smoking a cigarette the lung health will completely deteriorate due to mask wearing As the oxygen level really reduces due to mask wearing and we all know the main symptom which is projected of Corona is lack of oxygen which is caused by mask wearing ..

& the other symptoms of Corona like cold cough flu loose motions headache etc one must have got it hundreds of times in their lives but only this time there is so much fear related to these symptoms 1 should know that these symptoms are good and in fact 1 should get it from time to time because it shows that the body's immune system is good and has the ability to throw out these toxins for e.g If a dust particle enters the eye . the eye will automatically water but that doesn't mean its a disease . it is the body's attempt to throw out the dust particle similarly if drinking water comes bad in the house we boil the water and make the water safe to drink similarly if there is any bacteria virus fungi pathogen then the body will raise the temperature & throw out the virus on its own so body is very intelligent and has an excellent healing capacity we simply need to support the body with proper nutrition rest and pranayam.

One thing by now we all have to realise is Corona is a disease only for the rich people. how many people do you know who live on the streets who have got coronavirus plus election rallies no corona.. this fear psychosis is created by 2 years of brain washing and is especially because of the testing game. Kary Mullis the inventor of the test himself said you cannot use it to diagnose people & he mysteriously passed away in 2019.. a healthy person

like you and me if we go and test ourselves we will definitely come positive this is the whole game of testing Asymptomatic people and and increasing the number of cases because it's all the media speaks about is cases.

Yes people definitely died but also one should know that ICMR changed the method of counting people who have died with Corona and not because of Corona so people who died of cancer heart disease diabetes accidents suicides if they tested positive they were also counted as Corona deaths !.Inspite of doing this the number of people who died in 2020 and 2021 were lesser as compared to 2019 2018 2017 so lesser number of people have died .. Secondly people have died in hospitals . how many people do you know of who have died at home So people have died in hospitals due to unapproved untested drugs which were given to people like Remdesivir / Fabipiravir which were created for ebola and have been banned in many countries but still being used in India WHY !!

AstraZeneca which is known as covishield in India is also banned in several countries but in India it is being given extensively to the entire population.

All of us standing here have NEVER WORN A MASK, NOT PAID ANY FINE NOR HAVE TAKEN A vaccine and are very much alive.

Finally we also inform them about lockdown compensation that all the other countries where lockdown was announced compensation was provided by the Government and as per the disaster management act and pandemic act in the same document where the lockdown is written there is a provision for compensation we encourage people to file for lockdown compensation (details given on AIM website) in order to put pressure on the government so that in future no further lockdowns are announced EVER !!

We finally inform them that they should be aware of the draconian health draft bill which going to be introduced in the Monsoon session of Parliament which allows the government to forcibly "test", "quarantine" and "vaccinate" the people of India.

<https://indianexpress.com/article/india/new-health-law-draft-four-tier-system-clearly-defined-powers-7828695/lite/>

Any person can be "examined", "vaccinated"

The Bill empowers the government of a state or union territory to conduct any medical examination, which includes laboratory examination, and provide vaccination or treatment for any such disease to a person who is exposed, suffering, or \*suspected\* to be suffering from such disease.

The provision \*fails to address the significance of consent\* of the concerned person for conducting such medical or laboratory examination, and providing vaccination or treatment.

**WE INFORM THEM THAT WE ALL NEED TO AWAKEN & SPEAK UP AS OUR BASIC FUNDAMENTAL RIGHTS & FREEDOM IS AT STAKE HERE !!**

Qs by the public -

Qs- But I contracted corona & got severe breathing problem and was saved due to hospitals.

Ans - Did U wear masks .. Yes .. Masks become a collection center of all the viruses bacteria pathogens and every time you breathe in it really affects your lung health Secondly you have to really thank God that in spite of hospitalization you were saved because there are so many many people who have lost their lives because of these untested unapproved drugs which has even has been acknowledged by WHO that 12% of the deaths have been due to Remdesivir WHO in November 2020 releasef the data of Europe that 12,% of the people who have died in hospitals due to coronavirus actually died because of the antiviral injection from Remdesivir so immediately they had taken it out and disabled from the treatment protocol but Indian government and ICMR didn't ban it and they kept it for doctor's discretion and after that we had the Delta game and we know how people paid anywhere between 30000 to 1 lakh of rupees For this banned injection.

Qs - But so-and-so person I knew died at home and not in the hospital and went through severe breathing problem.

Ans - Here we speak about 5 G and its effects. We encourage people to make their diet 50% raw workout in the open air walk bare foot on soil which will help to reduce the is the radiation effects.

Qs - But how to then go to office or travel or attend schools or give

exams without the vaccination certificate..

Ans - We then have to inform them that vaccination is completely voluntary.. we have the RTI copies .. the Supreme Court affidavit which clearly mentions that vaccination is not only voluntary but also no one has the right to ask for any vaccination status and if one is giving the vaccines they have to mention about the adverse effects including death which can take place due to vaccination. Also we have the written order from the education department which clearly mentions that vaccination is not required to appear for 10th and 12th board exams so if any school or college is saying this we tell them to let us .. we will contact them and get their notice reversed.

We also inform them about the government of maharashtra 8th October order which clearly mentions the definition of a vaccinated person includes those carrying a medical exemption certificate thus we use these medical exemption certificates to happily travel go to mall's offices schools colleges etc. We also let them know about INFORMED CONSENT of parents Which includes informing that vaccination is voluntary, ingredients of the vaccine (FBS, human embryonic cells etc) any side effects including death which the vaccines can cause and also those people who are not eligible for the vaccine .. without giving this informed consent children cannot be given any kind of vaccine.

Qs - What about testing ?

Ans - We let them know that as per the latest guidelines of ICMR .. Asymptomatic testing is completely disallowed thus people need not give their RTPC test to attend offices colleges etc secondly for domestic interstate travel also the submission of RTPCR test is withdrawn.

Qs - If we don't wear masks then we are fined.

Ans - Wearing of masks definitely makes us all feel suffocated as each of U must have experienced because it is not about health at all it is all about control. You have no identity, no voice, no opinion, no existence ..basically about mind control which makes you like a slave .. We show them the RTI which says wearing of masks is completely voluntary & The ministry of health and family welfare guidelines clearly mention that healthy people are not to wear masks. we also inform them that as per the disaster management act there is no provision that anybody can be fined for anything We advise them to carry hard copies of these documents which are available on Awaken India Movement website and they should

carry these physical printouts wherever they go so that they have the knowledge and can calmly and confidently inform the mask marshals that they are aware of their rights and cannot be fined at all. In these times these documents and knowledge is our best weapon.

Qs - But why is the Government doing this ? Aren't they aware?

Ans - : Here we ask a simple question please answer if the population of India is less or more then they all reply more..so how to reduce the population and immediatly it clicks to them..understanding really sinks in .. when we say the population is more and people themselves go and lineup for the vaccine who are they going to blame the government or themselves for not researching more.

We also tell them to research about Event 201 Which took place in October 2019 where the entire plan was discussed how the lockdowns will be announced how masks will be made compulsory how testing will be imposed how vaccines will be given etc and all 200 plus countries participated in this event including India

We also ask them to research about new world order .. the great reset and agenda 2030. (Not much about these is said by us.. only these words are mentioned so that they can start researching and thinking themselves)

Qs - But I have taken the vaccine and nothing has happened to me I feel absolutely fine.

Ans - Please give a huge thank you to your God that hopefully you have been injected with the placebo that is saline water or glucose water.. because many people who have got the real vaccine have died in In fact many of you must have heard about young deaths which are happening due to heart attacks brain strokes etc but nobody is connecting them to the vaccines.

Qs - What to do now that since we have already taken the vaccine and I don't feel so good ?

Ans - We share the vaccine detox protocol with them on their phone numbers since we have not taken these printouts

Finally we tell all of them we have been successful in reaching you personally and have given you the flyer and our website details which contains all the information including our helpline numbers now it becomes your responsibility to share this in your respective WhatsApp groups family groups Facebook etc and give this

knowledge to more and more people in your circle and thereby save lives because Each one of you will be answerable to your God that you got this knowledge and and you did not do anything.

There are many people who want to know more about the vaccine detox and thus we advise the local area admins to create a Whatsapp "AIM Information Group" in their location and keep adding the people who are interested to learn more where the AIM people can slowly everyday share the real Truth about the entire scam and the proposed new world order. In this manner we slowly create more Awakening & increase our strength & when the MASSES AWAKEN what can the elites really do . The Truth ALWAYS WINS.. SATYAMEV JAYATE
