

COVID is a stepping stone for the elites to unleash the New World Order (NWO)

COVID Scamdemic : The Grand Lie

Since 2020, our world has changed in unthinkable ways. Never before in history was there such a full-fledged assault on human rights at such a global scale, in the form of mandatory testing, mandatory mask wearing, total lockdown of the country, forced quarantine, mandatory vaccination and absolute ransacking of our bodily autonomy.

All this was approved and propagated under the false claims of keeping people safe, from a supposed infection (if you believe there is a virus) with a survival rate of above 99.9% (for majority of the population as per CDC data). The basic premise of this lie was - asymptomatic transmission (you can be carrying an infection and passing it to others even when you are perfectly healthy like a silent bioterrorist) and RTPCR testing (the inventor of the test Kary Mullis had clearly stated this can never be used to detect presence of an infection). We still recall with horror those chilling videos, where more than excessive force was used by the police on its own citizens, for not wearing a mask, even when there has been no conclusive study (ICMR had confirmed in a RTI that it has done no such studies) suggesting masks are any useful, in fact the reverse has been proven true (see Danmask Study). The vaccines have been a total scam, with all sorts of controversies ranging from deliberate lack of proper testing, obfuscating testing data, presence of lethal contaminants, no immunity against COVID, absolutely no protection from infection transmission and finally, causing hundreds of thousands of sudden deaths in otherwise healthy adults, worldwide. Myocarditis/ Heart Attacks/ Strokes have seen an order of magnitude increase, globally as well as in India, and it can only be explained as an adverse effect of the vaccine.

The agendas behind this carefully planned Scamdemic is to use the sweeping powers under a Pandemic situation to usher in the coercive regime of a totalitarian state of the New World Order, with vaccine passports being an enabler of this shift.

What is the New World Order (NWO)?

The NWO is a plan for full spectrum dominance and control of the every human being on this planet, ultimately leading to planned depopulation. The New World Order is often referred to with other phrases too such as Agenda ID2020, Agenda 21, Agenda 2030, Agenda 2050, The Great Reset, The Global Reset, One World Order, One World Government, One World Currency, One World Religion, Sustainable development, the Fourth Industrial Revolution and Build Back Better.

Agendas of the New World Order

UNSDP2030 : The UN blueprint to transform the world is best captured in its 17 Sustainable Development Goals (SDGs). It is important to note the UN and its allied agencies like WHO, World Bank, IMF, FAO are merely tools of the Globalist elites to launch the NWO. The reality of the SDGs behind the apparent propaganda can be summed up as -wipe out the lower class, introduce more GMOs, forced vaccinations, indoctrination via education system, destroy family unit, privatize and ration water resources, implement 5G smart grid, slave labor, create more debt and tax for the populace, drive population from suburbs into prisonlike mega cities, carbon taxes, privatize ocean and create a coercive police state, globally.

For more information on the real intent behind SDGs, refer to the AIM white paper on NWO - <https://awakenindiamovement.com/new-world-order-summary-white-paper>

Cashless Society : The cashless society is about so much more than just how we pay for things at the store. Tied into a system of persistent technological surveillance, it represents the ultimate control over our lives. In a cashless society, the government can virtually dictate what you can or cannot pay for, and if you don't agree with the government diktats, your accounts can be frozen in no time (remember the frozen bank accounts of people who merely crowd the truckers convoy to Ottawa in 2022). The demonetization of 2016 was essentially a push in the direction of going more digital and less cash usage, which when tied with a biometric ID like AADHAR allows big banks and governments to freeze anyone's assets, particularly those standing up against state sponsored tyranny.

ID2020/Global Digital Identity : ID2020 is a global public private partnership founded in 2016 by GAVI, The Rockefeller Foundation, Accenture, Microsoft and IDEO with other high profile members such as Mastercard and MercyCorps. Facebook has recently joined the alliance, with a mandate to have a digital identification for every human on this planet. AADHAR is a similar scheme, which is becoming increasingly mandatory. The ultimate goal of this endeavour is to microchip the entire world population with an RFID chip that contains a unique ID number that can be linked to information contained in an external database, such as personal identification, law enforcement, medical history, medications, allergies, and contact information. This invasive technology has the potential to be used by governments to create an 'Orwellian' dystopia.

Geoengineering : By definition, Geoengineering is the deliberate attempt to control weather by creating rainfall, drought, hurricanes, steering atmospheric river, hailstorms or changing the Jetstream flow pattern, artificially. The endgame with Geoengineering, like all other agendas of the NWO, is full spectrum dominance of the planet and the people. Geoengineering has been, and will be used for depopulation via extreme weather events (creating flash floods, tornadoes, cloudbursts and mega storms etc), by manipulating and eventually destroying the natural water cycle and atmospheric river which will decimate agriculture in targeted regions, while move more than usual moisture to the advantage of Geoengineers, and by spreading diseases via chemtrails (as has been reported with Morgellon's disease and neurodegenerative disorders caused by aluminum and other heavy metals in chemtrails). India has all the usual fingerprints of Geoengineering as seen in other NATO countries, and is one of the very few countries on this planet which houses a HAARP like facility (under the guise of National MST Radar Facility) at Gadanki, AndhraPradesh.

Engineered Food Crisis : As evident globally today, the world is hinging towards a catastrophic food crisis, worse than what we are seeing unfold in Sri Lanka. Public food production around the world is now collapsing due to fertilizer costs, shortages, diesel price inflation, export bans and engineered droughts and floods. The endgame here is to move all citizens to a food rationing system, which will be administered via biometric ID system tied to the vaccine passports, shoving compliance down the throat of everyone, else you get no access to food. In addition, the elites are pushing for more synthetic food, supplements, GMO to replace natural organic foods, in an effort to degrade the health of the citizens and make them a hostage to the big pharma mafia.

Engineered Economic Crisis : Creating debt traps, pushing tyrannical measures for both pandemics and climate change break the economies. Generalized vaccination issued to create biometrically linked digital identities (along with AADHAR and Aarogyasetu apps in India) for surveillance through 5G networks of smart cities. Everyone is put on government welfare, food stamps and housing subsidies to make them dependent obedient slaves to a global government's monthly allowance of a universal basic income for basic essentials like food and medicine. This is falsely labeled as "ending poverty" and "saving the earth". We are seeing the machinations of the same unfold in the global and Indian stock market, where trillions of dollars worth of assets have been wiped off in a matter of few months. With rising inflation, reduced asset valuation and mass layoffs upcoming in the coming years, economic independence of the common man will be hijacked and they will be forced to succumb to the digital ID system and comply with tyranny.

5G : As much as the mainstream narrative would make us believe 5G is for the people to enjoy high speed internet, it is in essence a tool to create the dystopian surveillance state, which will arise from the engineered food and economic crisis. In addition, 5G also causes bio-toxicity which can manifest as respiratory, neurodegenerative and reproductive illnesses, which will further bolster the depopulation agenda. People are being unjustly forced into accepting 5G even after they know that 4G was enough for all their digital needs.

Defeat The New World Order

1. Don't believe everything the mainstream media tells you. Do your own research. Get news from alternative sources.
2. Take self-responsibility of health and food, grow own food as much as possible, create co-operative society structure to provide incentives to farmers to grow organic food.
3. Use natural food and clean water as medication to stave off diseases, as opposed to using toxic pharmaceutical drugs.
4. Buy locally and encourage use of cash.
5. Demand answers from the government via RTIs and PILs on Chemtrail spraying and ongoing geoengineering activities.
6. Avoid (As much as possible) using big data platforms like Google, Facebook, YouTube, Twitter. They heavily censor information. Use freespeech alternatives like Bitchute, Odyssey, Rumble, Telegrametc, Brighteon and many more.
7. Follow thought leaders and researchers spreading the truth and share the message with your friends and family.
8. The easiest way to stop this agenda is to expose it. Create awareness among public regarding the sinister agenda of the New World Order. United we are a dragon, divided we are merely a pack of wild dogs. Organize grassroots level movements in your area to build resistance to roll out of NOW agendas locally. Non-compliance is the answer. The revolution has already begun, and AIM is spearheading it in India. Join us in this fight against NWO, to create, and be on the right side of history !
