CASE NO BEFORE HON'BLE PRESIDENT OF INDIA : PRSEC/E/2022/40228

To,

Honorable Prime Minister Shri Narendra Modiji,

South Block , Raisina Hill

New Delhi-110011

Subject : (i) Parliamentary Committee According to the 72nd report of IPC, to take legal action under IPC 218, 201,302, 304, 409,120(B), 34 etc.

(ii) Legal action against the infamous Bill & Melinda Gates Foundation' which runs a criminal conspiracy in the name of charity to help vaccine and pharma mafias and blacklist their related schemes to stop them immediately.

(iii) Legal proceedings against Bill Gates, the main accused and senior officials of the health department and ministers involved in the conspiracy under various IPC sections of 115, 307, 409, 120(B), 34 etc., who made more than 4,50,000 children crippled for life by increasing the dose of polio in an unscientific and illogical way to help the pharma mafia.

(iv) Deliberate Issuance of false reports by the World Health Organization (WHO) for the benefit of Pharma companies, etc; to expose conspiracies at the international level and in India based on implicated evidence, affidavits and other available malafide evidence given by the government based on WHO's instructions, which are certainly not in the interest of the common man. To intentionally expose this conspiracy that purports to enslave and impoverish countries economically by pushing people to death only for the greater interest and benefit of the pharma and vaccine mafia and carefully scrutinize the

underlying intentions of all their propositions before blindly accepting their claims without thorough investigation.

(v) For providing unsystematic, illegal and illogical solutions to benefit thousands of crores to pharma/vaccine companies by 'suspect' officers during the corona pandemic and imposing unholy and preposterous rules upon the public causing innumerable deaths and maiming people for life due to the undeclared side effects of a trial medication. To book the guilty officers responsible for causing huge irreparable economic losses to the mass population in the country; In view of this the CBI has ordered to dismiss those guilty ministers and the ED from service immediately and register cases (FIRs) under IPC sections 166, 167, 109, 115, 302, 304, 409, 120 (B), 34 etc.

(vi) By providing an interim compensation as practiced internationally, an amount of Rs. 2 crore per person and Rs. 25 crore per person to the deceased families suffering serious side effects of the covid vaccine and later filing a case against them in the court for more compensation from pharma companies by setting up a special 'tribunal' to get full compensation.

Dear Sir,

1. First Case:- One unauthorized trial of HPV Vaccine causing death of 8 innocent baby girls as per the Parliamentary Committee of 72nd Report and Honourable Supreme Court Order :-

1.1. The Parliamentary Committee of India in its 72nd Report has submitted an excessive fear of corona through a criminal conspiracy by 'vaccine companies' in collusion with corrupt officials infiltrating the government system to constantly find new viruses and give undue benefits to thousands of crores to vaccine companies by creating a fear psychosis. The conspiracies planned by these corrupt officials responsible for getting orders to the vaccine companies causing the death of innocent girls through the notorious charity organization Bill and Melinda Gates Foundation for passing illegal orders have all now been exposed and its legality is being questioned **and** the Constitution Bench of the Supreme Court also approved the same

[Kalpana Mehta Vs. Union Of India (2018) 7 SCC 1.]

Link:-https://drive.google.com/file/d/1Wzq_WLIR3-RVqh0BaCakku6YZCk8fLGq/view?usp=sharing

1.2. But a criminal legal action is still pending on the infamous organization ' **Bill and Melinda Gates Foundation**' pretending to be a charity and also against conspiracy leaders of the HPV vaccine created to benefit the guilty officers and vaccine manufacturing companies responsible for the death of 8 innocent baby girls.

1.3. This question is in the mind of every citizen of this country that even after 14 years of the clear instructions of the parliamentary committee on the death of the 8 girls, the CBI has still not filed an FIR against these culprits. It raises doubts that there is a lack of political will to take action against the mafia's responsible for the death of these poor girls of our country and that our system is steeped in corruption. and the corrupt officers and government officials are engaged in selling the country by becoming puppets in the hands of pharma mafia only for their own vested interests.

1.4. The shameful thing is that the Rajasthan government had purchased 50 lakhs of the same HPV vaccine dose and announced to vaccinate baby girls. The misuse of such huge funds and criminal intentions of such corrupt officers and the scrupulous vaccine manufacturing companies need to be thoroughly investigated and inspected by the CBI and harshest action needs to be imposed on these.

2. Second Case :- Another shameful incident is that by following the unscientific and unnecessary propositions of Pharma and Vaccine Mafia in India of increasing the number of polio doses by using children as 'guinea pigs' and giving them additional doses of polio vaccine, approximately 4.5 lakh children were made handicapped for life and later after protests by honest activists the criminal project was closed. It should be on record that the sole beneficiary of this entire operation of polio vaccines creator is CEO Adar Poonawala of the Serum Institute, Pune.

(ii)<https://greatgameindia.com/bill-gates-agenda-in-india-exposed-by-robert-kennedy-jr/>

2.1. But the government neither apologized for that wrong decision, nor gave any compensation to those victimized children and their families, nor any legal action was taken against this '**vaccine mafia**' or the then ministers and officers involved in this catastrophic conspiracy.

2.2. Besides there is a clear provision in the law that in such cases, FIR will be immediately lodged against such culprits and the aggrieved children and their families should be given immediate and due compensation by the government and later that amount should be recovered by the guilty officers, the manufacturer of the vaccine Institute and its CEO Adar Poonawala and all due compensations should be recovered from the main accused. **[S. Nambi Narayan Vs. Siby Mathews (2018) 10 SCC 804, Veena Sippy Vs. Narayan Dumbre 2012 ALL MR (Cri)126]**

2.3. There is also a provision in the law that any person, officer, judge or responsible authority etc., delaying action or not taking action to save the accused in any crime should be punished under Section **201, 202, 218, 219 of the Indian Penal Code (IPC), 409** and can be punished under other sections too. **[State of Odisha Vs. Pratima Mohanty 2021 SCC Online SC 1222, Regina Vs. Dytham [1979] QB 722, Kodali Purnachandra Rao Vs. Public Prosecutor, (1975) 2 SCC 570, Anverkhan Mahamad Khan Vs. Emperor, AIR 1925 Lah 461, Maulud Ahmad Vs. State of UP,(1964) 2 CrLJ 71 (SC), Girdhari Lal,(1886) 8 All 633.]**

2.4. But no action has been taken in this matter as well. This is a matter of great concern.

3. Third case:- Refusing to pay compensation for deaths caused due to the covid vaccine and refusing to take action against the culprits.

3.1. The Central Government in its reply given in the Rajya Sabha and in its affidavits submitted everywhere by the Supreme Court made it clear in its judgment that taking or not to taking the vaccine is the personal right of every individual and no person can

be vaccinated forcefully against his will and the unvaccinated cannot be deprived of any kind of facilities.

3.2. Taking cognizance of such wrongful impositions of the Central Government and citing the constitutional provisions, Hon.Gauhati High Court quashed the illegal order forcing the Assam government to make the vaccine mandatory. In this case, the central government itself was a defendant. **[Madan Mili Vs. Union of India 2021 SCC Online Gau 1503]**

Link:- <https://awakenindiamovement.com/gauhati-high-court-itanagar-bench-order/>

3.3. This order of the High Court was binding on the whole country as it contained **Articles 21, 14, 19 of the Constitution** that was incorporated. **[Nabin Chandra Bachubhai Doshi vs State of Assam, 2017 SCC Online Gau 614, Kusum Ingots & Alloys Ltd. v. Union of India, (2004) 6 SCC 254]**

3.4. But the Central Government did not issue any guideline declarations to the State Governments or other departments regarding that particular order to abide by those rules. Contrary to that, the Center Health Ministry Secretary, Rajesh Bhushan kept insisting on 100% vaccination in his every letter.

Link:https://drive.google.com/file/d/1IAf0RB3RkSTktZGMMbdUFWv8O1mgq0Tu/view?usp=share_link

3.5. Apart from this, when many states and institutions made coercive rules for the people to take vaccines and when the aggrieved citizens raised issues, even then the central government officials refused to pay heed or discharge their duties and did not provide any relief thus leaving the public to fend for themselves.

3.6. When the aggrieved citizen's petitions were filed in the Hon. Supreme Court, a demand was made to dismiss the petition in order to support the illegal restrictions imposed by the states on behalf of the Central Government yet the Hon. Supreme Court rejected the objections of the Centre, and gave a decision in favor of the citizens, i.e. Hon. Supreme Court Certified the orders of the Gauhati and Meghalaya High Courts. **[Jacob Puliel v. Union of India, 2022 SCC OnLine SC 533]**

Link:-<https://drive.google.com/file/d/1HEs2tRDsT5Wirp596K8B9zLx-FHW6jid/view?usp=sharing>

3.7. Strictest action is necessary against dereliction of duty of these guilty officers involved in such illegal activities.

3.8. According to the rules made by **Yuno Universal Declaration on Human Rights & Bioethics 2005**, the provisions of the case **Montgomery Vs. Lanarkshire Health Board [2015] UKSC 11, Master Haridan Kumar Vs. UOI 2019 SCC online Del 11929**, the Court orders and instructions regarding **Covid-19 Vaccination Guidelines** issued by the Central Government made a clear provision in this that it is mandatory to inform every person about all the adverse effects of the vaccine before taking the vaccine.

3.10. Due to the death of just one child in the country of Norway because of Covishield vaccine, 21 European countries had banned it.

Link: <https://www.aljazeera.com/news/2021/3/15/which-countries-have-halted-use-of-astrazenecas-covid-vaccine>

3.11. The government of Japan and Canada had given information to the citizens of their country about the side effects of the vaccine and independently decide to take the vaccine or not and had issued orders to take action against any officials who were pressurizing them to take the vaccine.

(ii) <https://jamanetwork.com/journals/jamanetworkopen/fullarticle/2793551>

3.12. But in India despite of innumerable deaths having occurred due to the vaccine, neither was any ban imposed on Covishield and other vaccines, nor any advertisement published in newspapers nor broadcasted on TV channels clearly informing the citizens about its deadly side effects.

Contrary to this, all the officers of the government **and Dr. Doctors with unethical behavior like Randeep Guleria falsely declared that corona vaccine is completely safe and cure for all its side effects is available.** Similar false propaganda was done on all Citizen's Mobile Caller Tune that the vaccine is completely safe and the public should not pay attention to the rumours. About 8000 crore was spent atrociously spent for the publicity of such deadly vaccine promotion. Worse, it was even being persistently promoted by the BMC through 'door-to-door' campaigns.

3.13. With the Government machinery lying by calling the vaccine safe and by pressurizing people through illegal restrictions like linking local train travel, air travel, their salary, ration etc. with proof of vaccination, it is clear that the common man was forced to take the vaccine with harmful side effects.

In such a situation, using legal provisions, criminal proceedings must necessarily be brought against guilty officials and ministers. Further, the Government as well as guilty officials are legally bound to compensate the aggrieved parties. [**Registrar General Vs. State of Meghalaya 2021 SCC Online Megh 130**]

4. A loss of thousands of crores for the country by providing vaccine companies with inappropriate gains and responsibility for the death of many.

4.1. Various research papers and almost all **international as well as Indian domain experts** have made it clear that 'Omicron' has given natural immunity to approximately 90% of the people across the country and this immunity is many times more effective than the immunity provided by the vaccine. Moreover, it lasts for many years or even for life.

Whereas immunity provided by the corona vaccine does not last for more than three months.

4.2. Experts had clarified that it would be foolish to vaccinate people with natural immunity and this has three disadvantages :-

- (i)** This will cause a burden of thousands of crores of rupees to the country;
- (ii)** and; this endangers the lives of those with natural immunity;
- (iii)** and; this will bring an end to **Control Groups** causing difficulty in research and unearthing facts. This is a crime to destroy proof of concept.

Link: <http://ijpsm.co.in/index.php/ijpsm/article/view/500/325>

4.3. This point and all research papers and proofs have been submitted by **Mr. Firoz Mithiborwala** to state and central governments under writ petition **WP No. 84 of 2021** in the Bombay High Court

4.4. The World Health Organization (WHO) itself has clarified that both those who take the vaccine as well as those who have contracted Covid-19 once are both safe. *That WHO had also acknowledged the fact that immunity can be achieved by natural infection it supports the stand taken by honest domain experts like Dr. Amitav Banerjee, Dr. Sanjay Rai AIIMS, Dr. Arvind Kushwaha AIIMS.*

The WHO's suggestions on Herd Immunity. The relevant para reads thus;

"What is 'Herd immunity'?"

'Herd immunity', also known as 'population immunity', is the indirect protection from an infectious disease that happens when a population is immune either through vaccination or immunity developed through previous infection.'

Link:- <https://www.who.int/news-room/questions-and-answers/item/herd-immunity-lockdowns-and-covid-19>

4.5. But the officers of the Center deliberately ignored this fact and endangered the lives of citizens while unjustly benefitting the vaccine companies by thousands of crores of rupees. Recent research has revealed that vaccinating those with natural immunity can cause a lot of damage to such people.

(i) <https://www.mdpi.com/2075-1729/11/3/249/html>

(iii) <http://ijpsm.co.in/index.php/ijpsm/article/view/500/325>

4.6. In any of the letters or orders released by Rajesh Bhushan, Secretary to the Central Government, there is no mention of the potentially harmful or deadly effects of the covid vaccine and how those with natural immunity are better off and do not need the vaccine. On the contrary he has only talked about 100% vaccination in every letter.

Link-

<https://drive.google.com/file/d/1IAf0RB3RkSTktZGMMbdUFWv8O1mgq0Tu/view?usp=drivesdk>

This makes it clear that Rajesh Bhushan, his advisors and the health minister are all acting in bad faith against the interests of the country and the people by ignoring genuine science and recommendations by honest doctors including epidemiologists. They are best serving the interests of vaccine companies leading to inappropriate gains for them worth thousands of crores.

4.7. These guilty officials are responsible for causing the deaths of many, permanent disability for many others and a loss of thousands of crores for the country. Per legal provisions, the guilty officers should be booked under **IPC 409, 115, 304-A, 304, 302, 120(B), 167, 34.**

5. False propaganda, based on reports sponsored by vaccine companies themselves, promotes benefits of vaccines whereas research has proven that countries that have not adopted the vaccine program have also rid themselves of Corona and those countries that have actively pursued vaccination have seen many deaths and multiple waves of the epidemic.

5.1. A fake research paper, sponsored by 'Bill and Melinda Gates Foundation', the infamous charity organization who is also the leader of the vaccine company mafia, was published in '**Lancet**'. It spoke about how the vaccine has saved 200 crore lives, which claim was based not on any real evidence but by extrapolating numbers.

Link: [https://www.thelancet.com/journals/laninf/article/PIIS1473-3099\(22\)00320-6/fulltext](https://www.thelancet.com/journals/laninf/article/PIIS1473-3099(22)00320-6/fulltext)

5.2. The Government of India exposed the falsehoods propagated by these mathematical models by placing facts before them.

“Title: Bibek Debroy and Aditya Sinha's column: WHO's serious blunders should also be debated, its credibility doubted in the Corona era

Bibek Debroy (Chairman of the Economic Advisory Council to the Prime Minister) and Aditya Sinha (Additional Private Secretary, Research). The WHO estimated 47 lakh deaths in India between 1 January 2020 and 1 December 2021 due to Covid and its related causes. These figures were ten times more than the official figures of the Government of India.

...It appears that there are serious errors in his method of calculation.

5.3. On the basis of facts and articles and research papers published by honest researchers, it has been proven there have been more deaths in places that have seen more vaccinations.

Link:- <https://expose-news.com/2021/11/03/worldwide-data-proves-highest-covid-19-death-rates-are-in-most-vaccinated-countries/>

5.4. In a research paper published by the Harvard University, it was mentioned that the possibility of death due to corona vaccine increases 98 times, which means that the risk of death from the corona vaccine is much more than the risk of death from corona itself. Given these facts, taking the corona vaccine or advising someone to take the vaccine are both irresponsible and disagreeable tasks. [vaccine is proved to be a remedy which is worst and dangerous than the disease]

5.5. In a recently published research, it was found that less than 6% of the population in Africa is vaccinated, yet the incidence of corona has almost disappeared. Compare this with countries that are fully vaccinated or have introduced booster doses such as Mumbai and you will see a higher incidence of corona cases. This clearly shows that vaccines have no role in dealing with the corona epidemic, on the contrary they have an important role in exacerbating the corona epidemic and increasing death.

5.6. For promoting this thought amongst citizens and spreading false narratives, it is the responsibility of the government and courts to take action against these officers and ministers.

5.7. It is now apparent that the vaccine and pharma mafia exercise control over the health ministry and the media of the country. And they are pushing their illegal and anti-national agenda unfettered.

All of these accused are causing damage to the life and finances of the people of the country and are running a program of **mass murder and genocide** without any interference.

6. The Fraud behind booster doses of the covid vaccine exposed

6.1 Booster doses of the covid vaccine have been called out as being unscientific and fatal by national and international research papers. A majority of the Indian population have also rejected the booster dose .

Despite not embracing the booster dose, there was no new corona wave in the country. This has made it apparent that vaccine companies, in collusion with corrupt officials from the health ministry have attempted to brainwash people into taking the booster dose.

6.2 Research has revealed that there has been a higher incidence of death amongst those who have taken the booster dose.

Link- <https://expose-news.com/2022/07/29/trudeau-90percent-covid-deaths-vaccinated-canada/>

<https://survivalmagazine.org/survival-news-info/devestating-data-90-of-covid-deaths-in-the-uk-happened-in-the-vaccinated/>

7. Citizens of this country who trusted and relied on the Government's narrative on the Covid Vaccine's safety and efficacy and taking the vaccine, now having to deal with the adverse effects of the vaccines and being denied compensation is betrayal of the trust of the citizens of this country.

7.1. The Citizens of this country were repeatedly subject to advertisements and bombardment from various mainstream media sources, TV, newspapers, mobile caller tunes, radio, and televised Q&A by Dr. Randeep Guleria of AIMS, National Televised appearances of the Prime Minister himself and even Justice Dhananjay Chandrachud, exhorting, encouraging, and influencing people to take the Covid vaccines repeatedly.

Reposing faith in the leaders and influencers of the country and trusting their narrative, crores of people faced undue pressure from various sources and

were compelled to take the Covid vaccine. About 200 crore vaccinations took place in India since its launch.

7.2. However, the side effects of this vaccine started becoming public knowledge and the death of a young man in Norway due to side effects of AstraZeneca Covishield vaccine, resulted in 21 countries banning the use of the Covishield.

Link:- <https://www.aljazeera.com/news/2021/3/15/which-countries-have-halted-use-of-astrazenecas-covid-vaccine>

7.3. However, no such restriction was imposed in India. On the contrary, several illegal and unconstitutional restrictions were imposed to force one to take the deadly vaccines.

7.4. The surprising fact is that for approving Covishield vaccine in India, the Government of India relied on the Phase II & III trials of Covishield conducted in 'Britain (UK)', for granting Emergency Use Authorization was given in India. The Central Government has made this submission in its affidavit filed by the matter of **Jacob Puliye Vs. Union of India 2021 SCC OnLine SC 533.**

Link:<https://drive.google.com/file/d/1oXX0V9LnuaimnWakkd-YNN79muXKS0J-/view?usp=drivesdk>

7.5. It is apparent that when 21 countries of Europe and some other countries banned Covishield vaccine due to its fatal side effects, the people of India were pushed to their death by not only failing to impose any restrictions by the Health Ministry of India and the Health Ministry and vaccine related departments, but by also withholding this information from the public. By such an action and failure to act in conscience by the government of India, it is bound to provide compensation to all the citizens for the side effects caused by the vaccine. The Supreme Court has also made a clear law regarding this in the matter of

7.6. The Japanese government on the other hand in an exemplary act of transparency and honesty, warned all their citizens about the side effects of the Covid vaccines and established a special 'Human Rights Department' to act against the officials and companies who forced the people to take the Covid vaccine and appealed to the citizens about using the newly created department to file such complaints of coercion.

- 7.7. It is necessary to investigate who and which entities were responsible for obstructing the decision to protect the life and interest of Indian citizens by failing to publish the advertisements like the way it was done in Japan and/or from banning the Covishield vaccine like 21 European countries did.
- 7.8. The Singapore Health Ministry awarded a compensation of Rs. 1 crore 78 lakh to the family of the child that suffered a heart attack from Pfizer Covid-19 vaccines without them making any application, as due to increase in heartbeat a side effect of the corona vaccine.

7.16. The citizens of India did not apply to the World Health Organization because they believed that the leaders and officials of their country would give them due compensation or help them get the maximum compensation from the guilty vaccine companies and from the guilty authorities.

7.17. However, Dr. Veena Dhawan, Under Secretary of Department of Immunization, Ministry of Health and Family Welfare, Central Government of India, in the affidavit filed in response to the petition of Rachna Gangu in the Supreme Court on 23 November 2022, has claimed no responsibility of the government and has advised the victim's family to file a case against the guilty officials and vaccine companies in the local courts, thereby showing their reluctance and shying away from the whole matter.

7.18. In that affidavit, it was amply clear that the government had promoted a lie that they had already informed all the citizens and made known about all the fatal side effects of the Covid vaccine and that no pressure was being imposed by the Government on the citizens to take the vaccine or any or restrictions were being imposed on those who did not take the vaccine. Hence, If in knowledge of the side effects of the vaccine, if the citizens takes the vaccine, then the citizens are themselves to blame and the government cannot be held liable.

7.19. This affidavit reveals the falsehood of the Government's narrative and it is amply clear from the above evidences that neither did the government inform the public about the side effects of the vaccine, nor was the "Vaccination" voluntary. Instead, the government repeatedly lied to the people that the vaccine is completely safe and that the citizens should not pay attention to rumors being circulated. Citizens who did not take the vaccine were indirectly compelled by debarring them from travelling by public transports such as train, airplane and entering many public spaces.

"Ghar Ghar Dastak" campaign revealed many cases where the Government attempted to access people's homes and forcibly vaccinate them.

7.20. This clearly reveals that the Government's two-fold agenda of deceiving the people of the country and the Supreme Court by submitting false affidavits/statements and by misusing the government machinery to shelter the main accused individuals and to mislead the judiciary. Under the provisions of the law such criminal acts should be prosecuted under IPC 191, 192, 193, 199,

200, 201, 218, 409, 471, 474, 120(B), 34 of IPC for which punishment range from 6 months to life imprisonment for the guilty.

Strict legal action is necessary and exemplary against the guilty officers and the minister of the department, and they should be dismissed from their posts immediately.

8. The World Health Organization (WHO) officials and Bill Gates have conspired to and unsuccessfully attempted to create epidemics of 'monkeypox' and "swine flu" so as to give undue advantage and benefit to vaccine companies, this is sufficient evidence to make them culpable and guilty of being awarded the death sentence.

8.1. The World Health Organization (WHO) receives donations from various vaccines and pharmaceutical companies. Its biggest donor is the "Bill and Melinda Gates Foundation"

8.2. Bill Gates has partnerships with many vaccine companies and to provide undue benefit to these companies, he donates to different programs that create research papers that support his false narratives and conspiracies to move public opinion in the direction of these false narratives, leading people and governments to people believe these lies, preventing vaccine bans and their inclusion in the country's national program and thereby accruing automatic profits for the Vaccines companies. This modus operandi has been revealed in the 72nd report of the Parliamentary Committee.

8.3. It has been evidenced that the WHO acts only to further the goals of the Pharma mafia that engages with such criminal mindset.

8.4. Hence, it is not a secret that most of WHO's suggestions are only aimed with the sole purpose of providing undue benefits and advantage to pharma companies.

8.5. The Indian Government has many times in the past called out the lies of WHO's recommendations/proposals and has on the contrary adopted measures that were scientifically valid.

(a) The Government of Goa, in an affidavit filed in the High Court, rejected WHO's suggestion of Ivermectin's ineffectiveness against Covid-19 and termed it as flawed and incorrect and instead recommended Ivermectin to all its citizens.

(b) The Government of India questioned and exposed the WHO's false mathematical models for predicting Covid mortalities in India.

(c) During the Corona pandemic the credibility of the WHO has suffered in the light of its serious lapses and blunders which needs to be debated.

(d) Dr. Soumya Swaminathan, Chief Scientist of WHO, was caught deleting her tweet after receiving a notice from the Indian Bar Association for conniving and colluding with Pharma companies alleging nexus between the two.

Link:- <https://indianbarassociation.co.in/real-estate-attorney-bill-kuehling/>

(e) WHO's Chief Scientist Dr. Soumya Swaminathan who has been peddling the false narrative of 'Long Covid Syndrome' to hide the ill effects of Covid vaccine has been sent a legal notice twice.

8.6. The Parliamentary Committee of the European Federation summoned and investigated officials who were prima facie found guilty of falsely declaring "swine flu" as a global pandemic with the intent to grant undue benefit to pharma companies.

<https://www.cidrap.umn.edu/news-perspective/2010/06/council-europe-affirms-critique-whos-pandemic-response>

8.7. As part of his criminal agenda, Bill Gates had "predicted" in December 2021 that a virus called 'Monkeypox' is going to cause an epidemic and wreak havoc all over the world by July 2022.

Link:-

<https://twitter.com/pbhushan1/status/1528029727738368000?t=8airzEMUS87zaNb6avLQHQ&s=08>

8.8. From July 2022, WHO made many unsuccessful attempts to declare monkeypox as an epidemic and scare people all over the world of a new deadly disease, but these efforts failed due to public awareness.

Link:- <https://www.who.int/emergencies/situations/monkeypox-oubreak-2022>

8.9. All this provides clear evidence of the years of prior planning and the modus operandi of the conspiracy being hatched by the leader of the pharma industrial complex Bill Gates and the corrupt machinery of the WHO to force people to take the deadly vaccines by instilling fear of new epidemics. These accused have killed, crippled, and maimed many innocent people to further their criminal goals and have affected their ability to seek gainful employment thereby reducing them to a life of poverty.

Hence, it is imperative that Bill Gates, Adar Poonawalla and all the guilty officials of WHO should be tried and punished of crimes against humanity (mass murders, genocide) under various sections of IPC 115, 302, 120(B), 34. Etc and awarded the death sentence.

9. A majority of the citizens of the country refused to take the booster dose of the vaccine, despite being free of cost and more than 80% of the people refused to give the corona vaccine to their children, on the basis that they had lost faith in the vaccines. Those that took the vaccines earlier did so under compelling circumstances or pressure and under the misleading influence of government advertisements.

9.1. When the respected Supreme Court dismissed the case debating the impositions and restrictions of movements for individuals for not taking the vaccine, it resulted in more than 90% of the citizens refusing to take the booster dose of Covishield and Covaxin had to throw away more than 300 million doses.

Link: - <https://www.bbc.com/news/world-asia-india-63324548>

9.2. The same response was also seen in the vaccination program for children, where more than 80% of the citizens refused to give Covid vaccine to their children.

9.3. This has proved that people did not trust the corona vaccine.

10. Violation of the fundamental rights of the people of the country and messing with the health of the people by propagating rules & policies like social distancing of two feet, using sanitizers and masks which have now shown to be unscientific and have serious side effects.

10.1. ICMR Indian Council of Medical Research has clarified that they are not in possession of or have conducted any tests to ascertain or provide scientific evidence to provide the efficacy of practices like 'social distancing', sanitizing or imposing lockdowns as affording any protection against the Corona pandemic.

10.2. Nevertheless, by imposing these unscientific and illogical measures citizens were subject to intimidation and their livelihoods were directly affected and/or deliberately destroyed as a result of such harmful restrictions.

10.3. Repeated use of the sanitizer has revealed its side effects.

11. Either the voices of unsuspecting citizens are not being heard by the government or their voices are being deliberately ignored due to the connivance and abetment of the high-ranking officials and ministers who are engaged in obstructing the necessary action.

12. We humbly request you to register an FIR immediately in this grievous matter with the CBI, ED, Income Tax Department, RAW etc.

14. If action is not taken on this complaint within 7 days, then we will forced to move the respected High Court and the Supreme Court to file an appeal and/or resort to mass agitation across the country as remedial steps.

15. We sincerely hope, you consider the lives of the citizens of the country more valuable than the profits of the vaccine mafia.

16. We request you to pass the following orders immediately: -

- (i) Prosecution of persons/officers culpable of death of 8 minor girls as per the 72nd Report of the Parliamentary Committee and for their role in delaying prosecution of accused culprits and Pharma Mafia under IPC 218, 201,302, 304, 409,120(B), 34 etc.

- (iv) To instruct the government of India to reject the recommendations of the World Health Organization (WHO) considering their loss of credibility and exposure from the affidavits filed in court by the Government of India that reveal the connivance and criminal conspiracy by the WHO with the deliberate intent to mislead governments by providing false reports and by associating with pharma industrial complex to provide undue benefits to such companies at the cost of the lives and liberties of the citizens of the world by enslaving them and pushing them to the brink of poverty and eventual death.
- (v) To prosecute and call for the immediate dismissal the authorities, officials and ministers responsible for the making rules that promoted unscientific, illegal, and illogical Covid measures to give crores of undue benefit to pharma and vaccine companies, and by suppressing information of the side effects of the vaccines that resulted in the death of people or rendered them handicapped for life, for hardships and economic loss of thousands of crores faced by the citizens of the country. To register an FIR under sections 166, 167, 109, 115, 302, 304, 409, 120 (B), 34 etc of the IPC and also to order a CBI probe and order the Enforcement Directorate (ED) to investigate the matter in detail.
