

As the signing date for the Treaty is May 27th 2024, it is URGENT that our governments do NOT sign it & give away our sovereignty! & the New Public Health Bill 2017 should be stopped

## What is the WHO? WHO is an organization that wants to rule the world, a wolf in sheep's clothing #ExitTheWHO #StopWorldControl

The World Health Organisation WHO was founded in 1948 to promote health & safety worldwide. Instead, WHO has a history of collusion with industries like Big Pharma, Tobacco & Genetic Modification (GMO). It is **unelected, non-democratic, not accountable to public scrutiny** & its internal documents and financial contracts are not available for public viewing. 80% of its funding is from China, USA, & private donors like Bill Gates' Foundation & Big Pharma companies WHO becomes a global marketing agent for their agendas.

## Problem-Reaction-Solution : WHO's lies and propaganda

WHO employs questionable mathematical models to declare a public health emergency. This problem will be magnified to create a panic reaction in the minds of the citizens and they will automatically turn towards the 'experts' for a solution that has already been doctored by WHO beforehand. At this exact moment WHO will come out with a mandatory 'solution' pushing the public into compliance through coercion, with the tyrannical Covid Appropriate Behaviours CAB: Masks, Invasive RTPCR Testing, Quarantining, Lockdowns, Social Distancing, Sanitizing, Culling animals, Containment zones, Forced vaccination

## WHO's real role in the Covid 'Plan-Demic':

### Declaring Health Emergencies: a Tool for Global Dictatorship, the New World Order (NWO) Agenda

Covid is a flu with a 99.7% cure rate, but WHO chose to declare it as a pandemic by perpetuating the below mentioned 11 frauds, revealing that WHO's focus is world control rather than healthcare.

1. Changed the pandemic definition to inflate numbers
2. Used a false positive-giving invasive RTPCR test
3. No trials to prove Sars virus as cause
4. Lies that Asymptomatic people can be carriers
5. Enforcing health harming, life-robbing unscientific Covid Appropriate Behaviours CAB
6. RTPCR Positive were Marked as Covid Deaths even when they were Non- Covid like strokes, cancer, TB
7. Written Informed Consent for Vaccine Ingredients & Side-Effects were Not Mandated.
8. Vaccines were called Safe & Effective & No Injury Reporting System was Mandated, inspite of serious side-effects
9. Despite a low disease spread, positive sero surveys showing herd immunity, & no Covid in children, vaccines were rampantly pushed.
10. Pushed the LIE that Immunity is only from Vaccines when Herd Immunity is safer + stronger
11. Experimental gene altering vaccines forced by making them a requirement to travel or use public facilities

## Who's psychological manipulation

Health safety comes from boosting immunity from lifestyle, bonding, outdoors & movement (Terrain Theory). Not from the fake stop-the-spread fearmongering restrictive CAB with lockdowns & masks, because "humans are super-spreaders" It banned ayurved, homeopath & naturopaths from treating covid & pushed its medical protocols of remdesivir, plasma therapy & ventilators that were questionable. Thousands were cured using natural medicine. Dr. Biswaroop Roy Chowdhury's 3-Step Flu Diet had a 100% recovery rate as certified by the AYUSH Department. Yet the Indian Government & WHO did not promote this. India's unquestioned acceptance of WHO's directives raises many questions.

## WHO's continuing Power Grab: The WHO Pandemic Treaty/ Accord & Amendments to the IHR

Up until now, global Public Health Emergencies have been manufactured by WHO by arm twisting the media, paying empanelled experts & roping in celebrities.

### DO YOU SEE THE DANGER?

With a legally binding agreement (Pandemic Treaty) & IHR with its member nation governments, supposedly for Pandemic Prevention Preparedness & Response PPPR, WHO gives itself LIMITLESS POWER to over rule any country's independent rights. Effectively, WHO can declare restrictions at the mere suspicion of a potential threat to health, expanded into One Health, meaning not only infections in people, but climate change, environment, finance, land use, plant & animal health. So it gets control over every aspect of our lives. The Treaty gives WHO powers to determine & enforce its CAB remedies of testing lockdowns quarantines medication & vaccinations. No country's Govt can oppose these. WHO will also determine financial contributions a country must make, & will be in charge of procuring & distributing the drugs, vaccinations & protective equipment. They are a threat to National Sovereignty.

### It gets worse with The New Public Health Bill 2017 which is also ultra vires of our Constitution

This move by WHO is not taking place in isolation. At the same time many countries including India have put out public health bills. With it, WHO & Govts can work together to "legally" exercise absolute dictatorial power. In India the **New Public Health Bill 2017 gives sole arbitrary powers to government officials** to declare threats, enter any premises at any time, to test, vaccinate, restrict, quarantine, destroy or medicate a person, plant, pet, any items or containers, disregarding rights & opinions. No legal action can be taken against such Govt officials as it is being done in good faith. **This Bill has already been passed in Tamil Nadu & Kerala without public participation & in opposition to experts & public opinion. Citizens are in the process of challenging this unethical dictatorial Bill.**

**WHO's neglected areas: 1. The ineffectiveness & injuries from vaccines, treatments & food fortification, 2. Recognizing drug free natural healing & other safe & effective treatments, 3. Trauma effects of the tyrannical CAB, 4. Other causes for a pandemic: 5G, GMO & chemical farming 5. Regulation of biological weapons, gain of function research, 6. Effects of geo-engineering: aerosol injections, chemtrails, HAARP, 7. Participation of local people, a Decentralized management of healthcare, 8. Rights to body, movement, livelihoods & Freedom of Choice 9. Role of Bonding & Happiness for recovery**

### What is the Awaken India Movement doing to prevent this

1. Letters of protest have been shared with the PMO office, the Union Health Minister, Members of Parliament, ICMR & AIIMS
2. Cases have been successfully filed in the Supreme Court & High Court for the following matters:
  - a. Compensation claim against vaccine injuries & deaths
  - b. Stopping discrimination between the vaccinated & unvaccinated for public facilities or jobs
  - c. Stopping Mask mandates & imposition of fines
3. Spreading awareness of rights to counter the aforementioned 11 frauds through white papers, flyers, press conferences & social media posts
4. Spreading awareness for integrative, natural health remedies, organic farming & stopping food fortification
5. Creating a Health Manifesto for political parties
6. Demanding WHO exits India
7. Protecting local Decentralized Healthcare, rights to body & livelihood

**HEALTHCARE MUST RESPECT FREEDOM OF CHOICE & BODY RIGHTS, & BE THE PREROGATIVE OF AN INDIVIDUAL. IT SHOULD BE A DECENTRALISED UNDERTAKING, NOT A MANDATE HANDED DOWN FROM VESTED INTERESTS.**
