Chandigarh, 2016: Less than 3 month old baby died following BCG and polio vaccinations. Court ordered Rs. 10 lakh (1 million) in compensation.
indiankanoon.org/doc/113571398/

tests. The complainants had faith in the competence of OP-2 and again on 17.3.2016 baby Ashmeet was vaccinated for BCG without any test. The complainants had visited the OP-1 hospital on 12.3.2016, 17.3.2016, 5.4.2016, 24.4.2016, 16.5.2016, 21.5.2016 and 22.5.2016. Every time it was brought to the notice of OP-2 that breathing was fast. Per recommendation of OP-2, the child was taken for vaccination on 21.5.2016 on which date I.P. Imovax Polio was administered. Again the baby started breathing exceptionally fast. Payments for vaccination etc. were taken by OP-2. It is the case, on the intervening night of 21/22.5.2016, baby Ashmeet did not sleep and continued crying. He was taken to OP-2 on 22.5.2016 and all the facts were apprised. OP-2 prescribed Babygesic drops per prescription dated 22.5.2016. Subsequently, the condition of the baby worsened and he was vomiting. He was taken to OP-3 in APC emergency ward where the doctor had clinically suspected a case of congenital cyanotic heart disease. Baby Ashmeet remained admitted in the ICU of OP-3 w.e.f. 22.5.2016, but, his condition did not improve and he ultimately died on 26.5.2016. OP-3

To immediately pay lump sum amount of Rs.7,00,000/- to the complainants for indulgence in medical negligence leading to the death of the baby boy;

To pay Rs.3,00,000/- to the complainants as compensation for pain and suffering and loss of love and affection due to the untimely death of their only child.

To pay to the complainants Rs.10,000/- as costs of

Need To Strengthen Laws To Control Incidents Of People Being Used As Guinea pigs on clinical trials

indiankanoon.org/doc/194031403/

Illegal and unethical clinical trials were being done on poor persons including juveniles, tribals and dalits who were used like guinea pigs for testing of drugs and vaccines produced by multinational corporations. Most of the pharmaceutical companies that are involved in the spreading such activities are private and their policies are not always clearly revealed to the institutions that are supposed to regulate their behaviour. They use contract research organisations (CROs) to conduct the trials. Unfortunately there is no mechanism to control it.

<p> Ikbal Javed vs State Of Odisha And Others on 22 September, 2022 </p> <p style="text-align: center;"> IN THE HIGH COURT OF ORISSA AT CUTTACK </p>	<p> He submits, his client, from age one year, was administered three doses of polio vaccine. In spite thereof he suffered from polio resulting in permanent disability. He draws attention to page-12 under annexure-2 series being representation received by the Medical Officer on 9th September, 1993. He submits, thereafter mother of his client ran from pillar to post for obtaining redress on petitioner contracting the disease in spite of administration of vaccine. </p>

Bench: R Mehta, S Keshote

JUDGMENT Mehta, J.

1. The trial Court has passed a decree for damages of Rs. one lac on the ground that the respondent-minor Shahnaz-banu was negligently administered tripple vaccine and the child suffered from poliomyelitis and permanent deformity and disability.

[4] The Court has considered the submissions of rival parties and perused the documents placed on record. The documents indicate that the son of respondent No.1 namely Yuvraj Vaghela was given vaccination on 10.04.2018. The infant was barely one year and two months of age when he was given vaccination. The activity of vaccination was carried out at C/SCA/16376/2018 ORDER Anganwadi being the activity carried out by the petitioner under the benevolent scheme of State Government. It appears that the very next day the infant died. This incident

However, recently, the Union Health Ministry has allowed one Human Biological Institute, Hyderabad to supply 90 lakh doses. These new anti-measles vaccines were allotted to Tamil Nadu and administered to a number of children. But four children died within a few minutes, soon after the vaccine was given at a Primary Health Centre in Poondi panchayat union of Tiruvallur District in Tamil Nadu.

4. According to the counter-affidavit a news was published in the newspaper e.g., 'Dainik Jagran' that four children had died, after they were vaccinated at village Vijayee Kaaf within the Primary Health Centre, Sukrauli, on this sensational news, the Chief Medical Officer, Deoria, the respondent No. 2 along with Dy. Chief Medical Officer, Deoria, went to the village and made spot enquiry on 28.4.1989 and found that the petitioner Smt. Shamshad Begum had inoculated D.P.T. and had given vaccination for measles and also administered 'polio-drops' simultaneously. The guidelines for administering inoculation and

देश भर में खसरे के टीका का अभियान जारी है।
इतिहास को हम भूल रहे हैं ।

जानिए सन् २०१० की यह दुर्घटना ।
indiankanoon.org/doc/1178622/

श्रीमती सुशीला सरोज (मोहनलालगंज): अध्यक्ष महोदया,
दिनांक 21 अगस्त, 2010 को उत्तर प्रदेश की राजधानी लखनऊ
से सटे हुए तीन ग्राम पदमिनखेड़ा, रामपुरगढ़ और बिदौआ गांव मेरे
लोक सभा संसदीय क्षेत्र मोहनलालगंज के अंतर्गत आते हैं। यहां
यूपीए की माननीय अध्यक्षा बैठी हुई हैं। मैं कहना चाहती हूँ कि ये
क्षेत्र आपके क्षेत्र की सीमा से लगे हुए हैं। वहां एक गांव में खसरे
के टीका लगाते हुए तीन बच्चे मरे और दूसरे गांव में दो बच्चे मरे।

अध्यक्ष महोदया, अभी यह मामला ठंडा भी नहीं हुआ था
कि इलाहाबाद में भी एक बच्चे को टीका लगाने के 12 घंटे के
बाद मृत्यु हो गई है। यह घोर लापरवाही है। इस पर एक टीम वहां
भेजी जाए और दोषी लोगों को सजा दी जाए। जो पीड़ित परिवार
हैं, उन्हें मुआवजा दिया जाए।... (व्यवधान)

The #Gauhati High Court directed the State to extend both medical and financial assistance to a child grappling with a complication arising after a vaccination was administered to her.

Compensation of Rs. 3 lakhs has been given to families of 3 babies who died following measles and Japanese Encephalitis vaccinations in Muzaffarpur, Bihar in 2017.

unroll pls @threadreaderapp
